Plant-based protection that preserves the **natural look** of wood

Rubio[®] MONOCOAT Invisible Protector

Invisible Protector is a wood protection that preserves the natural look and feel of the wood, including for darker wood types. The revolutionary product is based on a high-quality plant-based emulsion and gives the original surface a **durable protection** with an **invisible finish**. You can use Invisible Protector on almost all wood types.

DURABLE PROTECTION

- ✓ 100% invisible protection
- ✓ Suitable for dark wood types
- ✓ Ideal for floors, furniture, tables, stairs, ...
- ✓ Mar and scratch resistant

ECOLOGICAL

- ✓ Based on a plant-based resin and water

USER-FRIENDLY

- ✓ Easy to apply on brushed and sanded wood
- ✓ Compatible with Pre-Aging and Cleaner

When applying a third layer you can add 10% **Invisible Protector Component B** to the product to make the surface even stronger. This is mostly recommended for public spaces, countertops in bathrooms and kitchens, food trays and other stain-sensitive surfaces, since the B component increases stain resistance. The B component is also compliant with the certificates obtained.
